1903(i)(14)
of the Act

4.19(1) The Medicaid agency meets the requirements of section 1903(i)(14) of the Act with respect to payment for physician services furnished to children under 21 and pregnant women. Payment for physician services furnished by a physician to a child or a pregnant woman is made only to physicians who meet one of the requirements listed under this section of the Act.

Section 13624
OBRA '93

Limitation on payment for designated health services is treated in accordance with §1903(s) of the Act.

4.19 (m) Medicaid Reimbursement for Administration of Vaccines under the Pediatric Immunization Program

1928(c)(2)
(C)(ii) of
the Act

(i) A provider may impose a charge for the administration of a qualified pediatric vaccine as stated in 1928(c)(2)(C)(ii) of the Act. Within this overall provision, Medicaid reimbursement to providers will be administered as follows:

(ii) The State:

— sets a payment rate at the level of the regional maximum established by the DHHS Secretary.

— is a Universal Purchase State and sets a payment rate at the level of the regional maximum established in accordance with State law.

X sets a payment rate below the level of the regional maximum established by the DHHS Secretary.

— is a Universal Purchase State and sets a payment rate below the level of the regional maximum established by the Universal Purchase State.

The State pays the following rate for the administration of a vaccine: 10.50

1926 of
the Act

(iii) Medicaid beneficiary access to immunizations is assured through the following methodology:

(1) The State may do a comparison of the Medicaid fees for administration of pediatric vaccines to the administration fees paid by a major insurance company. In order for the State to use this guideline as an equal access assurance, the Medicaid rates for the administration of pediatric vaccines would have to be set at a rate equal to or greater than the private insurance company's rates up to the established State maximum fee. also;

- (2) The State may compare the number of Medicaid pediatric practitioners (which includes practitioners listed in section 1926(a)(4)(B) of the Act) who are Medicaid program-registered providers and who have submitted pediatric immunization claims, and the total number of pediatric practitioners providing immunizations to children. The program-registered providers must have at least one Medicaid pediatric immunization claim per month or an average of 12 such claims during the year. The State would need 50 percent participation to show equal access through the use of this guideline.
